

TEAMBUILDING Samba Drum WORKSHOPS

Creating music as a team promotes collaboration, communication, and creativity.

Come and learn some samba drumming in central Edinburgh, where you and your colleagues will form a band and discover the art of Brazilian street percussion.

Our experienced instructor will guide you step by step, making it easy and fun for beginners, including those with zero drumming experience. You'll be surprised at how quickly you pick up the rhythms and techniques and start to produce music.

This class is led by a tutor who is experienced in bringing individuals together and ensuring every member of the band is heard. You'll be encouraged to work together and listen to each others' parts – no one drum is more important than another.
